

Competition terms of the International Computer Graphics Competition "Painting on the Screen" organized by Primary School No. 10 and the Town Hall in Będzin

We invite preschoolers and primary school students to participate in the twenty-fourth edition of the competition.

The competition covers three age categories:

I. Children age 3-9

The topic of the competition:

"Be Creative Despite the Pandemic" and present your ideas of spending free time during the pandemic and the lockdown using computer technology.

The ideas may include: playing with your siblings and pets, discovering and reading books found at home, building a rope park in your garden, bird watching in winter, discovering new hobbies such as: stamp collecting, finding new Internet opportunities or making a photo album from old photos found in the attic.
